

## CINEMA

Dedicated to contemporary art and independent cinema, ART for The World involves artists and filmmakers worldwide. A core mission is heightening awareness about Global Warming's and Climate Change's dire consequences, from extreme weather to water crises, to biodiversity loss. Noteworthy its projects include the impactful 2019 film INTERDEPENDENCE and the recent thought-provoking 2022 production INTERACTIONS, all amplified through the collaborations with its partners and networks.

ART for the World is pleased to announce its involvement on the Advisory Board of the 3rd Biennale of Larnaca in Cyprus directed by the curator Yev Kravt, with the opening on October 14. This year's topic is 'Home Away From Home', an exploration of belonging. The central exhibition, titled 'HOME/HOPE,' will feature diverse artistic perspectives, coming from all over the world, including the works of eight notable Armenian artists. For more details, visit [www.biennalelarnaca.com](http://www.biennalelarnaca.com).

ART for The World activities merge ethics with aesthetics to build cross-cultural connections, sustainability, and education through art and cinema inspired by the UDHR and the SDGs.
